HELLO, WELCOME TO NOOK.

We are happy you came here today...
let us tell you a bit about us.

Nook is an aussie influenced cafe that gives a lovely nod to the wonderful cafes in coastal Australia. It was dreamed up whilst sitting on a beach in Byron Bay eating poke bowls and drinking cold press juice in the early aussie summer months of 2018.

Our vision was to create a place that sold all the healthy, wholesome and colourful food that these cafes had to offer. Think cold press juices, superfood smoothies, aussie quality speciality coffee, poke bowls, acai smoothie bowls and much more! The influence goes even deeper with Californian and Japanese flavours.

It is about providing nourishment that is good for you but does not sacrifice flavour and taste. We also wanted to be super inclusive to all diet types so we decided to go totally gluten free (super easy with fresh produce) mostly dairy free and have heaps of options for plant based and vegan lifestyles.

Our produce is local, sustainable, ethical and where possible organic.
